

Al Padre, la madre o el tutor:

Para poder brindarle el mejor servicio, los proveedores de atención médica de la niñez temprana deben entender las necesidades de salud de su hijo. En la primera parte de este formulario le pedimos información sobre la salud de su hijo. Ésta ayudará a los médicos para su evaluación (Parte II). Antes de poder ingresar a un Programa de la Niñez Temprana, la ley del estado requiere que un médico, enfermera de práctica avanzada, asociado médico, profesional de la salud certificado legalmente o un asociado médico

asignado a una base militar realice una evaluación de salud y le haya puesto las vacunas principales Connecticut (C.G.S. Secs. 10-204a and 10-206). Una revisión de inmunización y evaluaciones de salud adicionales son necesarias en el 6º o 7º grado y en el noveno o décimo grado. El grado específico será determinado por la junta local de educación. Este formulario también puede ser utilizado para las evaluaciones de salud necesarias cada año para los estudiantes que vayan a participar en los equipos deportivos.
